[Purple Thread] give a blistering and exhilarating performance that forces you to know you are alive.

-Halfway 2 Nowhere

"It's funk as played by a 70s' New York punk band. It's a raging maelstrom of sound. It is, and I mean this most sincerely, fucking incredible."

-Local Sound Focus

"The band leave you wanting more but only once you've had a chance to catch your breath and maybe a bit of a sit down."

-Listen With Monger

"Taking you on a rollercoaster ride of emotions every time you play their tracks."

-Rectangular Roses

"[Purple Thread] wow the crowd with their fantastic blend of indie rock"

-Christian Carlisle, BBC Introducing

"Liz Mann's vocals have much of the nonchalant hard-arse sass of peak Blondie Debbie Harry, complete with Harry's richer tone. This is a voice that could go far."
