

BIO

INA WEST

creates trance, new wave electronica with elements of modern Polish folk and jazz. She's a producer, vocalist, author of music and lyrics, combining the minimalist chill of the sound from early Depeche Mode combined with the concert energy of Die Antwoord. Her live performance serves a combination of classical instruments - percussion, violin, synthesizers, bass guitar, ukulele - with dance bits and raw vocal harmony. Bright and iridescent act. Ecstasy over decorum and caution.

She released her debut album in 2015 under the alias Cosovel. After that she has performed on the most important festivals in Poland (**Tauron Nowa Muzyka, Orange Warsaw Festival**) and abroad (**The Great Escape** / UK /, **Reeperbahn** / DE /, **MENT** / SLO /, **Mu: Con, Zandari** / KOR /). During the concerts she will be accompanied by: Magdalena Laskowska (violin, synthesizer, ukulele, vocal) - the first violinist in Orchestras of Ralph Kamiński and The Dumplings Orchestra; Jakob Kiersch (drums, synthesizers, vocals) known from projects: Alphaville, Godz of Blitz, and Julia Marcell. Dariusz Skarżyński will take care of live visualizations.
