

## Input list

- |                                 |     |        |
|---------------------------------|-----|--------|
| 1. Playback L (Audio Interface) | TRS | DI Box |
| 2. Playback R (Audio Interface) | TRS | DI Box |

### *Comments:*

- All wiring will be done internally except for the stereo interface output listed above
- Tables are needed on stage, one medium height for the computer and the audio interface and one high table/keyboard stand for the keyboard
- One extra XLR cable, one mic stand and a minimum 2 220V electricity plugs
- Monitor volume should be sufficient but not too loud.

## Stage Plot
