

"UTOPIA"

DYSTOPIAN INDIE-DISCO FROM THE NEW INVESTORS

The New Investors are set to premiere a new single ***Utopia*** on **April 27th** from their upcoming conceptual LP ***In Love With Everyone***. The songs on the album work like a series of sonic experiments, each with the goal of capturing the essence of Pure Love. The Copenhagen five-piece utilizes a fascinating blend of electro pop and rock, commingling irresistible hooks with solid instrumentation and vocals.

Utopia is a dystopian indie disco song lamenting the sad state of affairs of our modern society and longing for a new Utopia far away from climate change, populism and social media.
