

## **BASSLESS TECHNICAL RIDER:**

### **PA system options:**

- *Complete FOH speaker coverage*
- *5x stereo in ear monitors (Sennheiser ew300 series or similar)*
- *Mixing table (Yamaha TF series or Allan&Heath dLive s7000)*
- *6 wireless microphones (Sennheiser or Shure)*
- *Wireless must be working without glitches and managed by local crew*
- *1-2 extra persons for gear management (assembly, assistance etc.)*
- *Our sound engineer*

### **Timing facts:**

1. *Artist needs 90 minutes net of sound check*
2. *After the sound check is complete, further changes to PA gear (FOH and monitor speakers) is not possible*
