

Domiciles

Based around the joint songwriting partnership of Nickolas Young & Rory Cowieson, the band draw from a myriad of different influences; hints of throbbing krautrock & kaleidoscopic drone permeate their music, whilst also touching on sneering garage, blissed-out space rock & experimental noise. Dark & heavy psychedelic grooves are built with jarring guitar leads, droning feedback & sharp synthesisers. The result is an arsenal of broad & multi-dimensional compositions, reflective of the band's diverse list of influences. An intense live show forces the listener to confront sound in its intended form – pure & unlimited.

Since the band's formation, they have supported acclaimed artists such as Acid Mothers Temple, Tess Parks, and Dead Meadow, and have also performed to sizeable crowds at some of the UK's most well-known festivals.

"Domiciles' material is deeply original and is entirely hypnotic." Tenement TV
