### Arrival

We usually travel with either **2 cars** or a rented **1 mini-van** so it would be nice to organise us a safe and secure **parking** near the venue or the place we stay. Would be nice if you could provide us with the area **map**.

### Accommodation

Can be 5 twin rooms, can be 9 privates, can be some family rooms or a dorm (if the room is booked for the band). A **hostel** or a **guesthouse** is ok for us. Also can be an **apartment** with enough sleeping surface.

### Beverage

Before the show: juice, sodas, tea & coffee

During the show: still water

After the show: juice, tea, some beers

### Food

It would be nice to have a meal before or after the show (depending on the time of the show).

It would be nice if you could recommend some budget options around if you can't provide a meal.

**Important:** Some crew members are **vegetarian** or **vegan**!

### Thank you !

We like to play music. Everything is possible so don't hesitate to contact
