

ONE BIT | Tech Spec

One Bit are a 2-Piece live dance music act.
Combining live vocals, drums & synths with playback.

Contact:

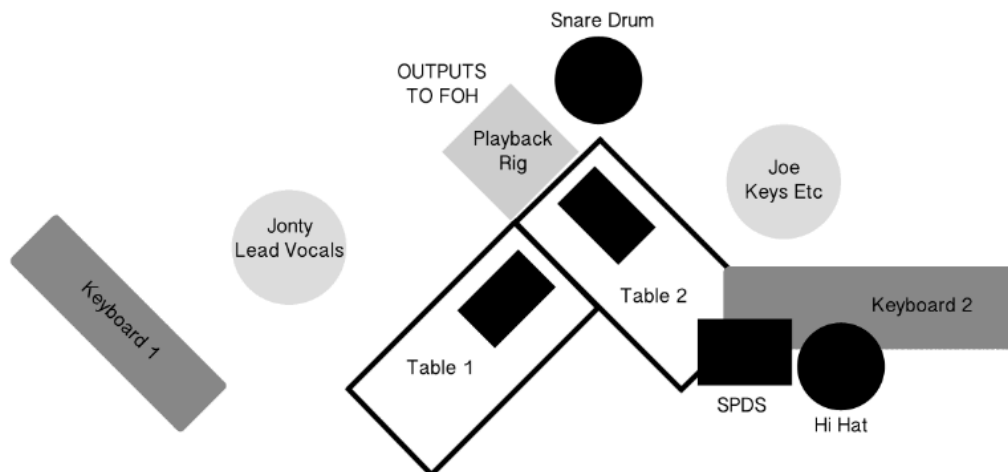

Jack Williamson – Manager – 07834774489 – Jack@Jackal-ent.com
Jonty Howard – Lead Vocals
Joe Murphy – Keys & Perc
Daniel Howard & Jade Myres – TM & Assist. TM

What we need from the venue:

2x Boom Mic Stands with SM58 or equivalent
8 Inputs to FOH
(Larger venues) Spot mics for Snare & Hi Hat

Stage:

On stage we have the following:
2x 100x50cm tables
2x Keyboards
Hi Hat & Snare Drum
1 playback rig

Monitors:

We run off IEMs and sort our own headphone mix from stage.
Could we have 1 wedge for vocals with a vocal heavy mix to act as a back-up!

FOH:

There is a 12u Rack on stage, which has 8 XLR outputs to feed FOH.
These 8 outputs are a combination of playback and on-stage instrumentation.
We have a 6m XLR – XLR loom to connect our rack to the multi-core.
The outputs are:

1. Drums L	5. Bass
2. Drums R	6. Lead Vocals
3. Synths L	7. BVs L
4. Synths R	8. BVs R

In addition to this we have a Snare Drum, Hi Hat & Crash cymbal on stage, which in larger venues may need to be spot-miced.
