

Bardo Magno

INTRODUCTION

BardoMagno is a flexible live band project. It can be therefore employed in several different configurations involving different kind of musicians.

The most complete configuration usually comprehends:

- **Alessandro Mereu** as **Don Alemanno**: Lead Vocals, Second Guitars
- **Maurizio Cardullo** as **Il Gran Calippo d'Oriente**: Cittern, Bouzouki, Flutes, Bombard, Bagpipe, Backing Vocals
- **Edoardo Sala** as **Fra Casso Da Montalcino**: Drums

This document describes the technical details regarding the complete set.

However, the required information may change according to the specific configuration billed.

As an example, if the band is live in its complete form, all the information below must be considered, on the other hand, if the band is in its smallest form, so with the only Valerio (Abdul Il Bardo) singing and playing guitar, all the information related to the other members can be ignored.

TRAVEL PARTY

The information below is referred to the usual configuration (band + merchandiser).

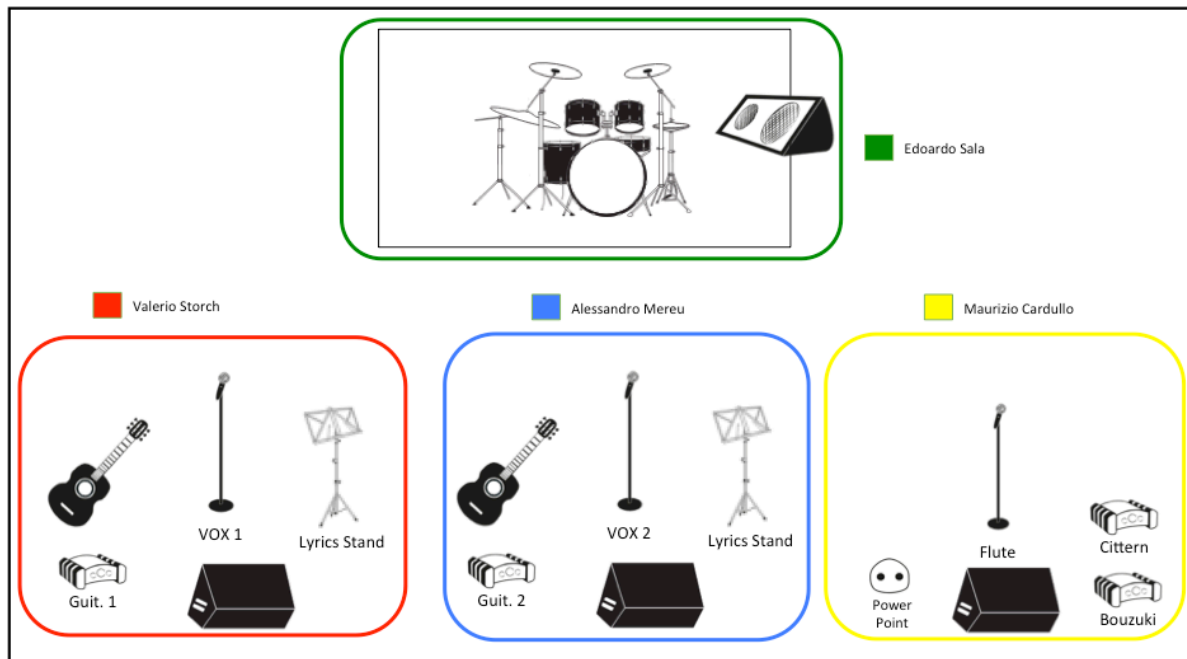

DINNER

Warm diner for band (4 in its complete form) and crew (1 merchandiser) 2 hours before the show. Dinner **MUST** be a complete meal. Edoardo Sala is Vegetarian. Apart from him, there are no Vegetarians / allergics in the travelparty. It is preferable that there is no fish (with exception for **SUSHI**) in the menu.

ROOMING LIST

As stated before, the travel party in the complete setting is made of the 4 members of the band plus the merchandiser, for a total of 5 people. No specific allocation of the room is required, so the rooms can be splitted in any configuration. However, is strictly mandatory that the rooms include at least clean beds and bad sheets, towels and at least 2 separate toilets.
