*'You hit me like a shockwave, out of the blue', a line that hooks you like an ear worm from very first listen to WE'RE NO HEROES anthemic new single, "Wild Life" released on 30th June via Spiral Icon Records.*

So where do we begin with **WE'RE NO HEROES**? It's an unlikely beginning indeed, **a Welsh band who formed in Chicago**. Surely some mistake? You're 'aving a laugh, right? How did a Cardiff band who write hook driven, groove laden, uplifting indie begin their musical journey in the mob's prime location and the birthplace of House? Maybe they're distant relatives of the notorious Welsh gangster **Murray the Hump**? Or maybe there's a healthy **Frankie Knuckles** obsession? Whatever drew them to the Windy City, **Tom, Luke and Michael** remain mystifyingly tight lipped as to why the first **WE'RE NO HEROES** jams took place in downtown Chicago. We think bands need a bit of mystery? In fact we love it. But for whatever the reason, fans of **Talking Heads** and **Alt J** take note, this groove heavy, soulful three piece are aiming for the big time with their next single, **"Wild Life"** taken from their new EP *Shiver*.

Since forming **WE'RE NO HEROES** have been appeared on countless lists as one of the best up & coming acts in Britain. They've been **shortlisted** for the **main stage at Glastonbury**, **been played on Topshop in-store radio** as well as performing at **Dot to Dot & SWN** festivals and supporting **Peace, Dutch Uncles, Public Service Broadcasting** and **Catfish & The Bottlemen**.

**WE'RE NO HEROES** launched their new EP *Shiver* at The Moon Club, Cardiff on 10th May ahead of a July 4th Webcast where they will stream a special live set worldwide from their Cardiff studios. **WE'RE NO HEROES** support **PEACE** on 5th June in Aberystwyth and on 12th June in Swansea.

Airplay support includes **Jen Long** on BBC Radio 1, **Shell Zenner** on Amazing Radio, **Adam Walton & Bethan Elfyn** on BBC Radio Wales, plus **Nation Radio Wales** and **Cardiff Radio**. **WE'RE NO HEROES** are **Tom Collins** - guitar & vox, **Luke LLeuwellyn** - drums & vox and **Michael Owen** - bass & vox.
