Additional

Any beverages provided are greatly appreciated, we like to work hard up until the second we come off stage, after which we generally stay around and enjoy performances. We drink almost anything, however we have a gluten intolerant member so **Cider** is welcomed in addition to or instead of beer.

As far as brands go, Becks, Kronenbourg or any craft beer, Magners, Gamers, Somersby Cider, any spirits

Food is always appreciated, as above we have a gluten intolerant band member (who also doesn't eat poultry). Something to line our stomachs before an energetic performance is always a bonus! Thanks.

*1000 brown M&Ms served in a brandy glass are NOT a requirement to perform
