Playing many live shows with her acoustic live set in Vienna's venues over the last years and DIY- touring in Canada, singer- songwriter & guitarist Maria Thornton decided to start a second solo project in 2019. LIZ METTA is making her sound more eclectic, atmospheric and dives into a nostalgic vibe. Starting off at Styria's Jazz Festival "Most & Jazz", LIZ METTA was opening the Blue Bird Festival 2019 at Porgy & Bess. After founding her own music label, the first single „Vision“ will be released in June 2020.

Currently working on her first EP – released by URSUS Records.
