

grandbrothers / grand piano - setup

Technical Rider

equipment needed:

minimal (if grand piano is not amplified over a PA / in small rooms):

Anzahl	Equipment	technische Details	Kommentar
1	grand piano		
1	loudspeaker / monitor	active, full-range / XLR	Placed under the grand piano for the playback of own sounds
1	power	ca. 12 x Shuko	
4	mic stand		
1	baby mic stand (bass drum)		
2	chair		One piano chair

additional for the full-setup (if the grand piano gets amplified over a PA):

Anzahl	Equipment	technische Details	Kommentar
1	PA		
2	microphone	small-diaphragm / condenser	For the grand piano
2	Mic stands		For the grand piano
8	XLR Kabel		For the connection from own mixer to PA and from own mixer or PA to the monitors
4	DI box		
2	Loudspeaker / monitor		For monitoring on stage

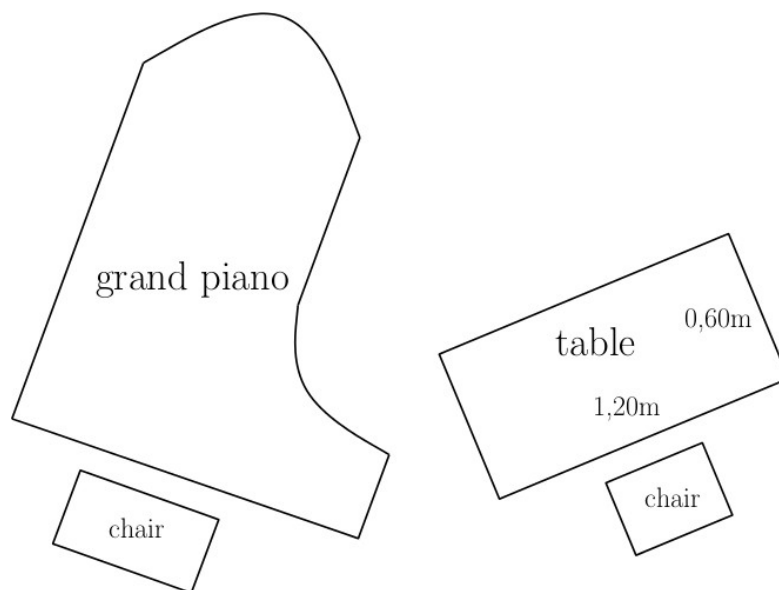

signals:

If there is a FOH-mixer, there are the following signals to get mixed there:

count	source	typ/connector
1x mono	Announcement / Mic	Mic/XLR
1x stereo	Grand Piano / Mic	Mic/XLR
1x mono	BassDrum / own mixer	Line-unbalanced/Jack
1x mono	FX / own mixer	Line- unbalanced /Jack
1x mono	Perc / own mixer	Line- unbalanced /Jack

Otherwise the signals get mixed by us over our own mixer, and there is just a stereo sum to get amplified.
