23	Harmonica/percussion	SM 58	large	
24	Vocal Presentation	SM 58 or wireless	large	Comp.
stereo-compressor on subgroup 1 / 2				

For horns, vocal, harmonica and djembé we need long xlr-cables for free movement across the stage.

Other Requirements:

2 (drum) stools for the percussionists

Backline:

We need the following backline supplied (unless otherwise agreed)

Bass: Ampeg or Markbass amp (or equivalent)

Guitar: Musicman (112) or Fender amp (Twin, Deluxe, Hotrod Deluxe)

Drums: 4 piece drumkit, preferably Ludwig. We bring our own cymbals.

Percussion: 2 Congas, Bongos

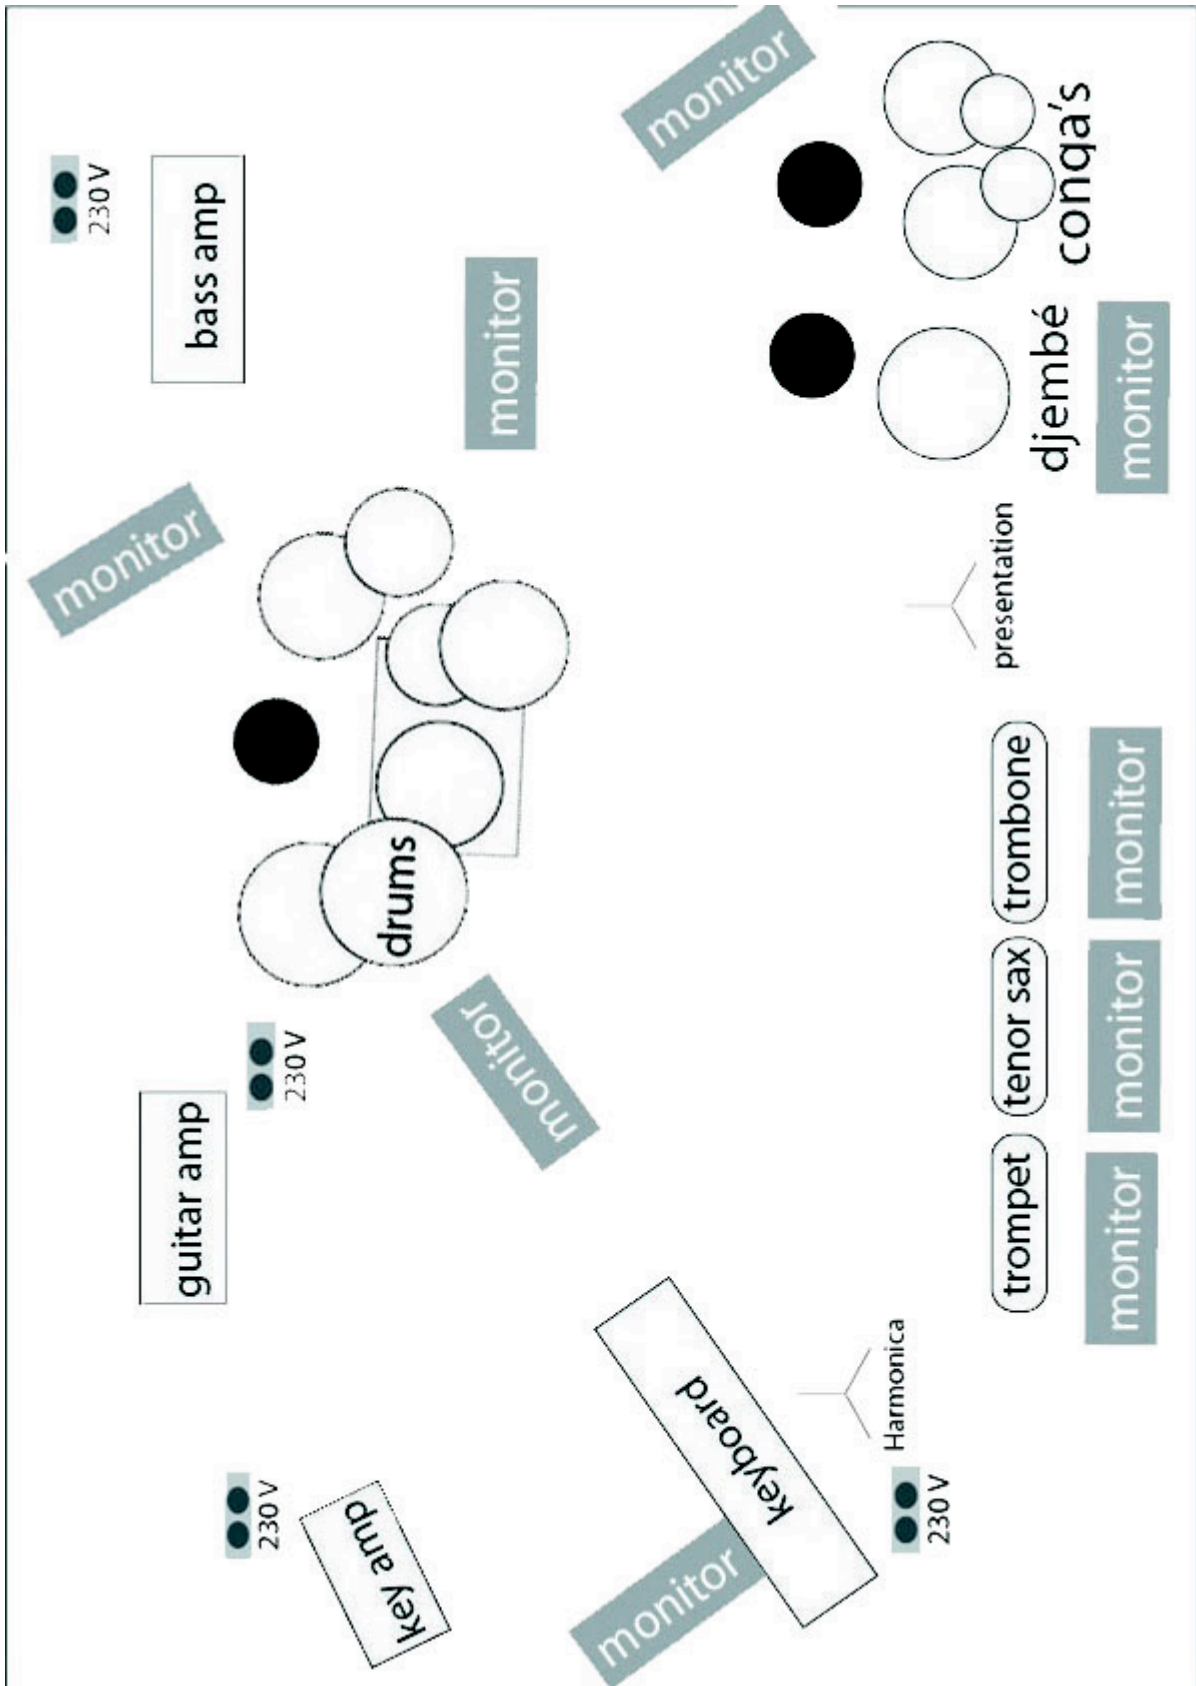

Keys:-for organ, preferably a hammond b3/x5/a100/m3 + leslie, otherwise Hammond Korg BX3 and if nothing else a nord electro with leslie

-for electric piano, preferably a Rhodes mark I/ mark II, otherwise a korg sv-1 or a nord stage all with amp (Fender twin or equivalent)

-when there's no leslie both organ and rhodes will be using one amp.

Stageplot

We prefer 9 monitors in 9 groups, but the minimum is 6 groups. If so, conga's and djembé, sax and trombone, and keys and guitar will share groups.

Hospitality

Thank you very much for having us as your guests. Our travel party consists of 11 people: 9 musicians, a sound engineer and a tour manager.

A Jungle by Night show is very energetic, to be able to do so the band appreciates healthy food and drinks. Preferably biological and fair trade, and we also like to try your local specialties.

Diner (and/or lunch)

We appreciate a healthy meal. No fast food, no pizza and no bean dishes please. We have 2 vegetarians and 1 person who follows a gluten-free diet.

On the stage

12 bottles of water
Some clean towels

In the dressing room

Bread with meat, cheese, humus, tomatoes, and/or something similar
Fruit and vegetables (like carrots, cucumbers etc.)
Fair trade chocolade

12 bottles of water
Coffee and tea
2 bottles of coke
2 bottles of other sodas
Fruit juice (preferred biological)
Milk

24 bottles/cans of beer
2 bottles of fine red wine
1 bottle of fine white wine
