

## CACTUS TRUCK – TECHNICAL RIDER

**John Dikeman**, saxophones. **Jasper Stadhouders**, guitar and bass. **Onno Govaert**, drums.

### Saxophone requirements

Microphone (either dynamic or condensor)  
Monitor speaker

### Guitar amp requirements

ENGL Thunder 50 Reverb, or other models of ENGL combo amplifiers  
Fender Deluxe Reverb  
Fender Blues / HotRod DeVille 4x10  
Fender Blues / HotRod Deluxe 1x12  
VOX AC30  
VOX AC15  
Orange (any tube amp model; combo, or head with 4x12 cabinet)

**Note 1:** *Amp should be all-tube. Guitarist doesn't use any effect pedals, so relies on the inner overdrive/distortion of the amp. In case the amps above aren't available, a similar amp would be sufficient, preferably with Gain and Master volume options.*

**Note 2:** **PLEASE NO FENDER TWIN REVERB.** *This amp is very common to be rented, but it really doesn't work AT ALL for the guitarist's sound.*

### Bass amp head requirements

Ampeg SVT VR (Vintage Reissue)  
Ampeg SVT Classic  
Fender Bassman  
Fender Bandmaster  
Orange AD200  
Orange Terror Bass

**Note:** *Amp should be all-tube.*

### Bass speaker cabinet requirements

Ampeg  
Fender  
Orange

**Note:** *4x10 works best, other sizes are also OK.*

### Drum set requirements

1 snare drum 14" X 5"  
1 rack tom 10"  
1 floor tom 14" (with legs)  
1 bass drum 18"  
Hardware (preferably light weight):  
1 snare drum stand  
1 tom stand (connected to bass drum)  
1 hi-hat stand  
1 bass drum pedal  
2 cymbal stands  
Heads:  
Remo Ambassador coated.  
Preferred brands: Sonor, Premier, Pearl, Gretsch, Ludwig, Tama, Yamaha

**Note:** *The sizes of the drums and the heads are the most important. Drums should NOT be muffled by a ring, pillow etc. so the drums resonate naturally.*
