GENERAL PRESENTATION:

Genre: Pop/Disco/Funk/House

Date of creation: 2019

Based in: Berlin

Description:

Wax Museum are a Disco Funk-Riot ensemble. Contrapuntal melodies, cleverly sequenced synthesizers, multiple percussive layers and vocal choirs.

Lyrically they are eclectic, at times absurd. The songs smack of dipsomaniacal, forlorn socially disobedience. Each member has a hand in the composition and the role of focal point vocally is constantly in motion.

From Japan, France, Czechia, England, Italy and Ireland.

Members:

Yazo – keyboard/tambourine/vocals

Daniel – sampler/synth/vocals

James – synths/vocals

Bryan – Percussions/vocals

Pierre – guitar/bass/vocals

Mattia – guitar

Languages: English, German, Japanese, French, Czech, Italian, Spanish
