

Rōnin

Technical Requirements

We have a left handed drummer so we need to be able, and have time to turn the kit around, this usually takes 15 minutes, we have our own roadie and have become very efficient at it. The Theremin and Synth don't usually get used; if you will struggle to accommodate these please let us know. We can provide certain Mics if pre-arranged, If you need us to do this please let us know well in advance.

Channel	Content	Preferred Mic or Equivalent	Channel Requirements	Other
1	Kick	AKG D112		
2	Snare	SM57		
3	Tom 1	PG56		
4	Tom 2	PG56
