

Rachael Jean Harris
Tech Spec

I can play solo, duo or preferably with a full band (4/5 piece)

As duo:

Rachael (vocal, keys, acoustic guitar)

Jamie (bass)

1 x vocal

1 x keyboards Korg SV2

1 x fretless bass plus FX board

1 x electro acoustic guitar (nylon string) plus small FX board

With full band:

Plus drum kit

Plus electric guitar (with FX board)

Notes:

I will bring a vocal mic- Sennheiser e945 but I'm happy to use a house mic if the engineer prefers.

Decent bit of reverb on the vocal with some of the effect coming back through the monitor if possible please.

Jamie uses a lot of melodic, decorative parts on bass so generally prefers a clean sound, not too 'subby'.

Drummer often plays bits of handheld percussion which he uses any overhead kit mics to amplify.

We will bring a bass and guitar amp unless we hear beforehand that one is being provided. Guitar and keyboards through DIs please.

Many thanks!

Rachael
